New Sheep Movement Forms
ARAMS 1 will replace AML1 Forms

Customers should be aware of the recent change in Sheep Licence Arrangements. As from the 1st April 2014 the old AML1 Licence forms are no longer acceptable. A new ARAMS 1 form will replace them. If you require them the market office has a supply of the new forms together with guidance notes. Hopefully most of you will now have received the explanatory booklet from DEFRA, which should help you clarify any problems you might have. Alternatively there is now an option to report your movements electronically if you so wish.

Full information is available on www.arams.co.uk

However people exercising this option will still need to PRINT off the movement copy and bring it with the sheep, two copies please.
